

## **Personal Project**

At Lakeside Academy, the International Baccalaureate Middle Years Programme offers an opportunity for students to broaden their scope of intellectual pursuits with opportunities to explore social and global issues.

As stated, it is a project that is personal to the student and it is unique to what they are interested in. A student could make a cookbook, a fundraising event, a piece of clothing, a model, a website, an animation, a video or whatever is their interest. The Personal Project is started in year 4 of the program and finishes in year 5.

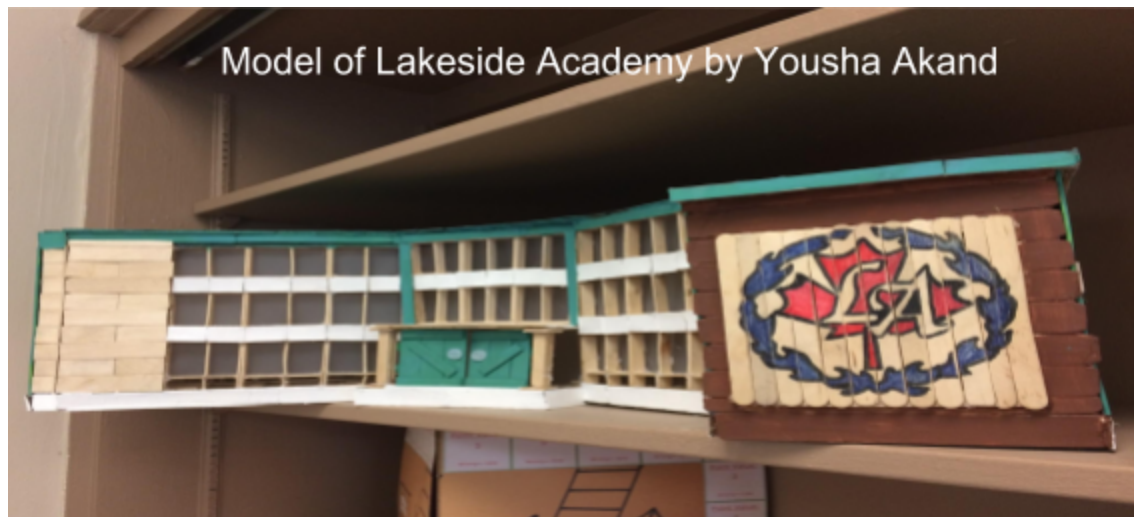

**All** students at Lakeside Academy take part in producing a Personal Project. The students will have a supervisor that will help them through the process.

Below are samples of personal projects from our students have completed.

We would like to take this opportunity to thank the students, the staff and the administration of Lakeside Academy for their continued support of our IB Programme. United we are committed to planning, presenting and supporting activities that reflect the values, traditions and multiculturalism of our school.

Jane Preston and Maude Daniel  
IB MYP Coordinators

## **Examples of Personal Projects**

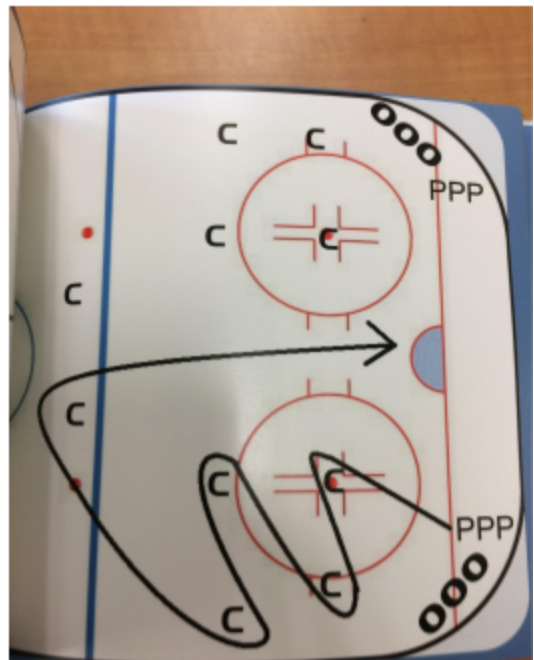

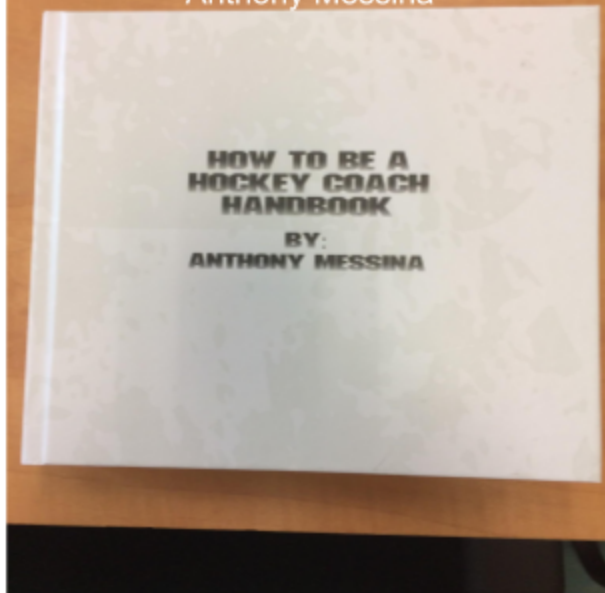

A selection of students were taught  
and videoed signing Disney songs by  
Emily Pincin

Cookbook by Konstantinos Koulouris

A hockey handbook for coaches by  
Anthony Messina

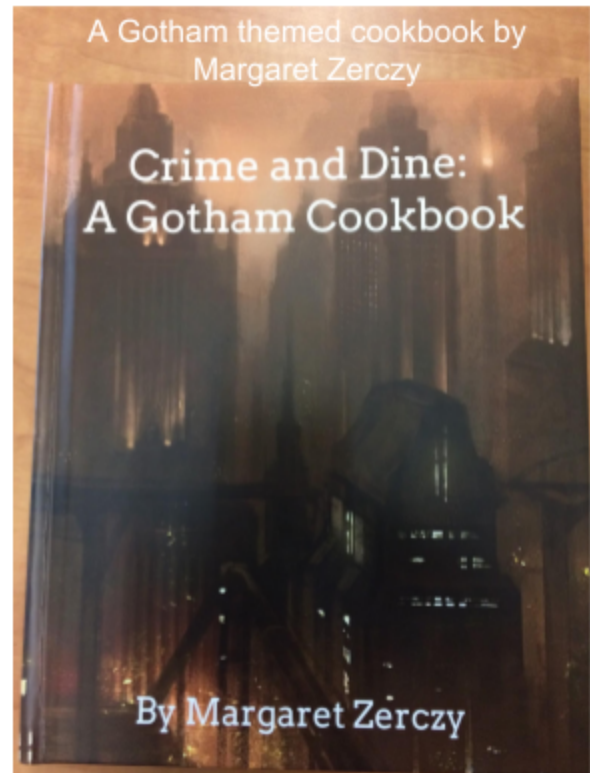

# Jimi Hendrix tribute by William Weaver

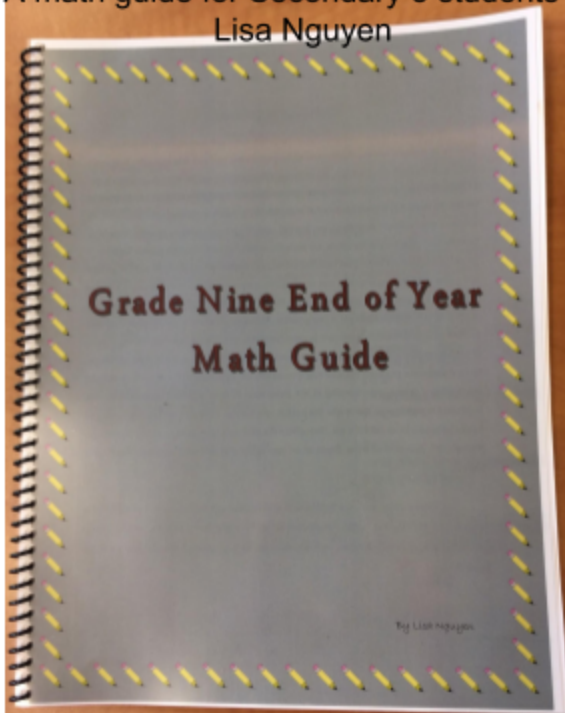

Creation of the LA Tech robotics website By Alycia Di Iorio Decker

A math guide for Secondary 3 students by  
Lisa Nguyen

A swimming guide by Ashley  
Spanier-Levasseur
